

# Primary Producer Rate Rebate 2025-27

## Form Preview

### Primary Producer Rate Rebate 2025-27

Thank you for applying for the Primary Producer Rate Rebate 2025-27

The Primary Producer Rate Rebate (PPRR) supports investment in sustainable agriculture and land management activities, by providing approved applicants with an annual discount on the property's annual rates.

The objective of the PPRR is to support the retention of primary production in Hume's rural area and promote sustainable land management practices. The rebate is calculated as a 30% discount on the general rate for approved properties, which is calculated against the Capital Improved Value of the property.

[Please read through the Primary Producer Rate Rebate Guidelines before applying.](#)

### Applicant Details

\* indicates a required field

**Are the above activities undertaken as a business with the aim of making a profit? \***

- Yes
- No

**Property Identification Number (PIC) \***

## Supporting documents

\* indicates a required field

Reminder: If you are unsure of, or need assistance with anything in this section, you can call the Rural Environment Team for assistance on 9205 2200 or email [ruralenvironment@hume.vic.gov.au](mailto:ruralenvironment@hume.vic.gov.au)

## Evidence of an agricultural business

**To be eligible for the *Primary Producer Rate Rebate*, you will need to provide evidence of an agricultural business on your property:**

Examples of what council will consider as evidence of an agricultural business include:

- income Tax Assessment showing Primary Producer
- letter from accountant determining Primary Producer
- ABN (Australian Business Number)
- evidence of registered Primary Producer status with the Australian Taxation Office
- cashflow forecast
- or other business records to council's satisfaction (eg: Property Identification Number, letters, management agreements, etc).

**Evidence of an agricultural business \***

Attach a file:

## Evidence of planned agricultural activity

**To be eligible for the *Primary Producer Rate Rebate*, you will need to provide evidence of planned agricultural activity on your property.**

This can be demonstrated by providing any management plans or schedules you use, such as:

- Property Management Plan
- Farm Management Plan
- Schedule of planned agricultural activities
- Land Management Plan (such as one developed from the *Conserving Our Rural Environment Grant*)

## Form Preview

- or other similar document.

If you do not currently have any of the above you may use [the following link](#) to download a Farm Management Plan template and use it to create a custom plan for your property.

It is recommended that you develop a plan that is customised to your property management and is of most use to you.

**Please attach a copy of your management plan or other supporting document \***

Attach a file:

**Does this attached Property Management Plan include details on conserving natural assets and land degradation issues? \***

- Yes  
 No

E.g. Erosion remediation, revegetation, native vegetation protection, etc.

## Environment and Land Management issues

**Does the property have any of the following natural assets?**

- |  |  |
|--|--|
| <input type="checkbox"/> Revegetation                      | <input type="checkbox"/> Native grassland            |
| <input type="checkbox"/> Waterway                          | <input type="checkbox"/> Escarpment                  |
| <input type="checkbox"/> Scattered large old remnant trees | <input type="checkbox"/> Other: <input type="text"/> |

**Briefly explain how these areas will be managed or protected**

E.g. Waterway will be fenced out, tree guards used to protect paddock trees from ring-barking, native grasses will be grazed according to consultant plan.

**Does the property have any of the following land management Issues?**

- |   |  |
|---|--|
| <input type="checkbox"/> Tunnel or gully erosion                | <input type="checkbox"/> Overgrazing (stock, rabbits, kangaroos) |
| <input type="checkbox"/> Top soil loss (sheet or trill erosion) | <input type="checkbox"/> Other: <input type="text"/>             |
| <input type="checkbox"/> Exposed soil                           |  |

**Briefly explain how these issues will be addressed**

Eg. Revegetate along gully erosion, rotational grazing implemented to protect surface soil
